

## Concerned about the cost of care?

Can you answer the following questions?

- Who will pay for my care?
- Can I choose my own accommodation?
- Will my home be taken to pay for my care?
- What happens if my partner has to go into care?
- What happens to our private and State pensions?
- Is money we hold jointly taken into account?
- Will the Local Authority pay the cost of my care?
- Who will look after my affairs?

Most importantly...

With careful planning there is a very good chance that your assets can be preserved for your family. However, the important aspect of this planning is that it must be done NOW for the best chance of success.
