_ga	Installed by Google Analytics. The cookie is used to calculate visitor, session, campaign data and keep track of site usage for the site's analytics report. The cookies store information anonymously and assign a randomly generated number to identify unique visitors.
_gat_UA-73531443-1	Installed by Google Analytics
_gid	Installed by Google Analytics. The cookie is used to store information of how visitors use a website and helps in creating an analytics report of how the website is doing. The data collected including the number visitors, the source where they have come from, and the pages visited in an anonymous form.
c_user	The c_user cookie contains the user ID of the currently logged in user. The lifetime of this cookie is dependent on the status of the 'keep me logged in' checkbox. If the 'keep me logged in' checkbox is set, the cookie expires after 90 days of inactivity. If the 'keep me logged in' checkbox is not set, the cookie is a session cookie and will therefore be cleared when the browser exits.
cookieconsent_status	Stores the cookie consent response.
datr	The purpose of the datr cookie is to identify the web browser being used to connect to Facebook independent of the logged in user. This cookie plays a key role in Facebook's security and site integrity features. The datr cookie generation and setting code has been reviewed and it has been confirmed that the execution path followed in the case of a request for social plugin content does not set the "datr" cookie.
fr	Noticed this cookie is being used by Facebook. But not sufficient information on the use of this cookie.
sb	Persistent cookie used by Facebook.
spin	Persistent cookie used by Facebook.
wd	This cookie stores the browser window dimensions and is used by Facebook to optimise the rendering of the page.

wp-settings-3 wp-settings-t ime-3	WordPress also sets a few wp-settings-{time}-{UID} cookies. The number on the end is your individual user ID from the users database table. This is used to customize your view of admin interface, and possibly also the main site interface.
xs	This cookie contains multiple pieces of information, separated by colon (colon is encoded to the value %3A for transmission). The first value is an up to two-digit number representing the session number. The second portion of the value is a session secret. The third, optional component is a 'secure' flag for if the user has enabled the secure browsing feature.
wordpress_	WordPress cookie for a logged in user.
wordpress_l ogged_in_	WordPress cookie for a logged in user
